

NORTH SQUARE

## Accessibility Statement

Please note that our restaurant is in a building that was built in 1917 and is therefore not accessible to all. It is below ground, and the only way to access it is via several steps. At this time, we do offer accessible outdoor dining that is curbside, as well as take-out and delivery options. Accommodations can be made upon request in our adjacent hotel lobby bar, which is accessible via a temporary ramp. The hotel lobby has an accessible restroom. For more information, please contact the restaurant directly.
